Certification Legend

CMA* is a global leader in providing industrial composting facilities an acceptance standard for compostables by performing field disintegration testing through several prominent processing methods to ensure products sent to industrial compost facilities adequately break down within the production cycle.

Certified for chlorine-free processing, energy and water efficiency, and 100% recovered/minimum 25% (bath tissue) or 50% (towels/napkins) post-consumer content. GreenSeal.org/GS1.

Product certified for reduced environmental impact.

100% of the electricity used to manufacture this product is matched with certified wind energy.

International certification and labeling system dedicated to promoting responsible management of the world's forests.

* Products with certification are suitable for industrial and municipal composting facilities, not for home composting. Please check locally, facilities may not exist in your area.

Paper of a reliable nature.

Versatility is the name of the game. Compatible with Cascades PRO Tandem® dispensers and the eco-responsible Latte® line, Cascades PRO Perform® offers reliable and performance-driven hygiene solutions that have been certified time and time again.
